MASTER LIGHTING CATALOGUE
2018

Savoy House COLLECTIONS...

These Savoy House Lighting collections continue fulfilling our design mission: to create recognizable and stylish products. Matching value with extraordinary design is a Savoy tradition.

Along with our passion for great design is our commitment to quality engineering and demanding production standards.

Savoy House Lighting products undergo countless inspections and rigid testing, all performed by a highly trained and competent staff of inspectors and product specialists, before leaving the factory.

Marvelous design, superior quality standards and notable value are all things our clients have come to expect from Savoy House since we were founded in 1965. Our spectacular presentation of collections in two catalogues continues the traditional Savoy experience of excitement and satisfaction with our lighting.

Our hope is that Savoy House Lighting's merchandise and exemplary service will combine to make the demands of your job a lot easier. The commitment we have extends not only to our design and quality, but to you, our valued customers.

As always, we thank you for our continued growth, which is made possible through your kind and loyal support.
